

# Design and Application of Air Curtain Systems

A 1hr CPD seminar  
for specifiers, designers  
or installers

The UK's Leading Air Curtain Specialist

 **JS air curtains**

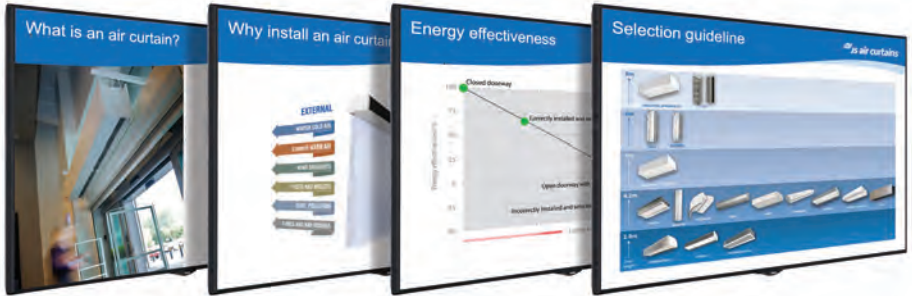

This one-hour CPD (Continuing Professional Development) seminar will provide attendees with:

- **What an air curtain does** - effects and benefits
- **Types of air curtains** - overview of the technology available
- **Selection considerations** - design, sizing, control strategies

Seminars are free of charge, presented in-house and are typically given over a lunchtime.

Refreshments are paid for by the presenter and certificates are emailed to all attendees after the event for obtaining CIBSE CPD points.

## Here's what some of our delegates say:

“ Really good, informative presentation. ”  
**Troup Bywaters + Anders, Leeds**

“ Very good presenter who had extensive knowledge in the field he was presenting. ”  
**Waterman Group, Reading**

“ Everything explained very clearly and gave a very good overview of the system's features and principal aspects to consider for the design. ”  
**Arup, London**

“ The CPD was good and informative. ”  
**Mott MacDonald, Cambridge**

“ Well presented and very informative. Very much time well spent. ”  
**Imtech, Cambridge**

“ Very informative within an ideal space of time. ”  
**Hartle Ltd, Redditch**

**For organisers wishing to arrange a presentation at their premises please contact:**
